The nonprofit Community Warehouse will be collecting small, reusable household items (no clothes) such as kitchen utensils, linens, clocks, pots and pans, and small appliances to donate to low income families. Larger items such as couches, tables, and mattresses will not be accepted. For a pickup call (503) 329-5588.

## CORNELL ROAD SUSTAINABILITY COALITION

The CRSC is a community formed alliance to address the impact of Cornell Road as it passes through Forest Park. The coalition includes board members representing the Portland Audubon Society, Bicycle Transportation Alliance, Forest Park Conservancy, Forest Park Neighborhood Association, Hillside Neighborhood Association, Northwest District Association, and the Northwest Heights Neighborhood Association.

The Cornell Road Sustainability Coalition

(CRSC) is working to define, recommend and implement a strategy to remedy the negative effects of excessive commuter traffic along the "Cornell Corridor"

as it passes through Forest Park and the Hillside neighborhood. The CRSC believes that rebalancing the use of the Cornell Corridor is vital to prevent continued decline of this portion of Forest Park and neighborhoods adjacent to the corridor. Rather than simply creating limitations on commuter traffic, our advocates strive to find an inclusive solution that benefits all stakeholders and can be used as a model for future sustainable planning methods.

Meetings are open to the public and held on the 4th Monday of every month, 6:00 - 7:30 pm at the Audubon Society.

For more information or to get involved contact Chair Peter Stark ([ptstark@gmail.com](mailto:ptstark@gmail.com)) or visit the CRSC website at [www.nwnw.org/projects/crsc](http://www.nwnw.org/projects/crsc).
